Recent Corporate Governance Changes

Our Board has taken the following actions to further strengthen our corporate governance framework.

Additional Independent Directors. Our Board added a new independent director in fiscal 2017, Paul Saleh, and another new independent director in fiscal 2018, Mark Hennessy. Additionally, the Board has nominated and is requesting the Company's stockholders to elect three new additional independent directors at the Annual Meeting, including Rachelle B. Chong, Greg W. Cominos and Singleton B. McAllister. After the Annual Meeting, assuming all the director nominees are elected to the Board, the Board will be comprised of six independent directors and two management directors.

Board Diversity and Refreshment. As part of its continued efforts to add directors with relevant skills, experience, expertise and diversity, the Board is nominating three new independent directors for election at the Annual Meeting. Ms. Chong has extensive regulatory and legal experience and expertise in the telecom and public utility industries, including previously serving as a Commissioner of the FCC and as a Commissioner of the California Public Utilities Commission. Mr. Cominos is a 32-year veteran of both the power and the oil and gas industries, with expertise in developing business strategies to offer new technologies and solutions to power and other utility companies. Ms. McAllister is a regulatory and corporate governance expert, with experience in serving on the boards of both public and private utility companies. The Board believes these new director nominees will add considerable additional diversity of occupational and personal backgrounds, experience and expertise that will further facilitate objective and thoughtful oversight of management and the Company's business plans and strategies. These directors will also reduce the average tenure of the service on the Board from 9 to 4 years.

Lead Independent Director. As an additional key element of its leadership structure, our Board has appointed Mr. Hennessy to serve as Lead Independent Director. As Lead Independent Director, Mr. Hennessy will preside at meetings of the non-management and independent Board members. He also will advise management on the agenda for Board meetings, and provide such other functions as the Board may direct.

Stockholder Communications. We proactively interact with our stockholders to obtain their feedback on our operations, including meeting with a number of our large stockholders on a regular basis.

Our Business

We are a wireless communications company focused on developing and offering our spectrum assets for the deployment of next generation network and mobile communication solutions designed to meet the needs of critical infrastructure and enterprise customers. We are the largest holder of licensed spectrum in the Part 90 900 MHz spectrum band (i.e., 896-901 MHz paired with 935-940 MHz) throughout the contiguous United States, plus Hawaii, Alaska and Puerto Rico. On average, we hold approximately 60% of the channels in our portion of the 900 MHz band in the top 20 metropolitan market areas in the United States.

As our first priority, we have initiated and are currently pursuing a regulatory proceeding at the Federal Communications Commission (“FCC”) aimed at modernizing and realigning the 900 MHz band to increase its usability and capacity, including for the future deployment of broadband and other advanced technologies and services. At the same time, we are pursuing opportunities to leverage our spectrum, to address the unmet needs of our targeted critical infrastructure and enterprise customers. For our first offering, we have deployed push-to-talk (“PTT”) networks and offer our TeamConnect two-way radio service in seven major metropolitan market areas, including Atlanta, Baltimore/Washington, Chicago, Dallas, Houston, New York and Philadelphia. TeamConnect allows our enterprise customers to increase the productivity of their field-based workers and the efficiency of their dispatch and call center operations. We are exploring additional opportunities to enable additional network and mobile communication solutions for use by critical infrastructure and enterprise customers with our existing spectrum and currently available non-broadband technologies and, if we are successful with our FCC efforts, utilizing our spectrum assets to enable broadband and other advanced wireless service offerings.

Summary of Compensation Best Practices

We are an “*emerging growth company*,” as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. The JOBS Act contains provisions that, among other things, reduce certain reporting requirements for an “emerging growth company.” For so long as we remain an emerging growth company, we are permitted and will rely on exemptions from certain disclosure requirements. These exemptions include reduced disclosure obligations regarding the compensation of our executive officers. Nevertheless, our Board and Compensation Committee each believe that adopting appropriate and sound compensation programs and practices are fundamental to the overall success of our business and aligning the interests of our executives with the interests of our stockholders.

The Compensation Committee regularly reviews best practices in governance and executive compensation. The following is a high-level summary of current executive compensation practices that the Compensation Committee believes drive Company performance and serve our stockholders’ long-term interests:

Compensation Committee Comprised of At Least Three Independent Directors	Yes
Independent Compensation Consultant Retained	Yes
No Related Party Transactions with Members of Compensation Committee	True
Compensation Based on Comparison to Peer Group Data	Yes
All Directors and Officers Subject to Stock Ownership Guidelines	Yes
Compensation Committee Performs Annual Compensation Risk Assessment	Annually
Prohibitions Against all Directors, Officers and Employees Hedging or Pledging Stock	Yes
Short and Long-Term Incentive Plans Based on Performance Metrics	Yes
Company Does Not Offer Tax Gross Ups for Severance or Change of Control	Yes
Use of Double Trigger Accelerated Vesting Provisions	Yes
No Multi-Year Guaranteed Bonuses	Yes
No Stock Option Repricing or Share Recycling without Shareholder Approval	Yes
Company has Not Repriced Options in Last Three Years	Yes
No Executive Employment Agreements with Guaranteed Terms	Yes
Very Limited Perquisites for Executives	Yes
Consider Feedback from Stockholder Outreach	Yes

Succession Plan. The Board has amended our Corporate Governance Guidelines to provide for a formal succession planning process for the Company’s Chief Executive Officer and its other key executives.

Severance Plan. The terms of the Company's Executive Severance Plan are set forth below in summary form in the section titled "Potential Payments upon Termination or Change in Control."

Executive Compensation for Fiscal 2017 and Fiscal 2018

Our Board of Directors established a Compensation Committee comprised of three independent directors in accordance with the rules and regulations established by the Securities and Exchange Commission and the NASDAQ Stock Market. Our Board has delegated to the Compensation Committee the authority to establish the Company's executive compensation program and to approve all compensation received by the Company's executive officers and the other members of its management team. In 2015, the Compensation Committee retained Pearl Meyer & Partners, LLC, ("Pearl Meyer"), as its independent compensation consultant, to assist it in evaluating the Company's executive compensation program and selecting an appropriate peer group of comparable companies for purposes of setting executive compensation.

Executive Compensation Program. Based on the advice of Pearl Meyer, our Compensation Committee has established an executive compensation program consisting of: (i) an annual base salary, (ii) an annual performance-based cash bonus program and (iii) a long-term equity award consisting of the grant of time-based and performance-based equity awards. In establishing this program, the Compensation Committee focused on designing a program that would attract, retain, and incentivize talented executives, motivate them to achieve our key financial, operational, and strategic goals, and reward them for superior performance. The Compensation Committee also focused on ensuring that our executive compensation program aligns our executive officers' and key employee's interests with those of our stockholders by basing a significant portion of their compensation on the achievement of certain pre-established corporate and individual performance goals.

Determination of Executive Compensation. The Compensation Committee did not target compensation to a particular percentile for our executive officers in Fiscal 2018. Although it did not target a particular percentile, the Compensation Committee considered the Company's net operating losses and the benefits to the Company and its stockholders of conserving the Company's cash resources and extending its operating runway. Based on these factors, the Compensation Committee determined to generally offer our executives below median annual salaries and total target cash compensation and median long-term equity incentives.

In setting executive compensation, the Compensation Committee considered benchmark data from the peer group it established, relevant publicly available market data and the compensation reports provided by Pearl Meyer. The Compensation Committee also considered the compensation recommendations of our then serving Chief Executive Officer (other than with respect to determining his own compensation), as well as the Company's overall performance, each executive officer's responsibilities and individual performance, and the Company's financial status and operating runway for each executive. In addition, the Committee considered the benefits of maintaining pay parity among our executive officers.

Base Salary: The base salaries of our executive officers depend on their job responsibilities, the rate of compensation paid by our peer group of companies, the pay offered to the other executive officers, and the Company's financial position and business performance. To help conserve the Company's cash resources, the Compensation Committee set the base salaries for our executive officers for Fiscal 2018 below median based on peer group data.

Performance-Based Cash Bonus Awards: As part of our compensation program, our executive officers and other key employees are eligible to participate in a performance-based cash bonus award program. The Compensation Committee determines the annual performance-based cash bonus awards based on the executive's individual performance and the Company's actual performance compared to the corporate goals approved by the Compensation Committee. For Fiscal 2018, the Compensation Committee set the annual target bonuses for our then serving Chief Executive Officer at 100% of his base salary, for our Chairman and our then serving Vice Chairman at 75% of their respective base salaries and for other executives at 40% to 60% of their respective base salaries. The Compensation Committee also determined that 50% of the annual performance-based cash incentive award for each of our executives, other than our sales team executives, would be based on corporate performance goals and 50% would be based on their individual performance. For our sales team executives, the Compensation Committee adjusted the weighting of the annual performance-based cash incentive award to be 60% based on the achievement of the corporate performance goals and 40% based on individual performance.

For Fiscal 2018, our Compensation Committee established the following four corporate performance goals, and assigned the following percentages to each goal:

<u>Performance Goal</u>	<u>Executive Officers</u>	<u>Sales Team Executives</u>
Net Customer Additions Target	15%	32.5%
Total Revenue Target	5%	7.5%
Adjusted EBITDA Target ⁽ⁱ⁾	15%	10%
Net Cash Balance Target	15%	10%

- (i) The Company defines Adjusted EBITDA as net income (loss) with adjustments for depreciation and amortization, interest income (expense)-net, other income (expense)-net, income taxes and stock-based compensation.

The Compensation Committee provided that the target bonus percentages for the Net Customer Additions and Total Revenue Targets would increase by 4% for each 1% positive variance from the established performance target, and decrease by 4% for each 1% negative variance from the established performance target. The Compensation Committee provided that the maximum payouts for the Net Customer Additions and Total Revenue Targets could not exceed 125% of the respective target percentages, and the maximum payouts for meeting or exceeding the EBITDA and Net Cash Balance Targets could not exceed 100% of the target percentages.

For Fiscal 2018, the Compensation Committee evaluated the Company's performance relative to each of these corporate performance goals. For performance goals with minimum base performance levels, the Compensation Committee assigned a zero percentage to those performance goals if the Company did not meet the minimum base performance level. Based on this evaluation, the Compensation Committee assigned the following values to the corporate performance goals: (i) 0% for the Net Customer Additions Target because the Company did not meet the minimum base performance level, (ii) 108% related to the Total Revenue Target, (iii) 100% to the Adjusted EBITDA Target and (iv) 100% to the Net Cash Balance Target. Based on these scores and the relative weights applied to each goal, the Company achieved an overall aggregate of 35.4% for our non-sales team executives and 28.1% for our sales team executives. Our Compensation Committee expected that the objectives it set as the corporate performance goals at the target level of performance would be challenging and require effective execution by the Company's management team.

The Compensation Committee then considered the respective performance of each of our executive officers and key employees in achieving their individual target and stretch performance goals. Based on this evaluation and its evaluation of the Company performance goals discussed above, the Compensation Committee awarded annual performance awards to our executives ranging from 63.1% to 145.6% of their target bonuses.

Long-Term Equity Awards: Equity ownership by our executive officers and key employees encourages them to create long-term value and also aligns their interests with those of our stockholders. Historically, our executive officers have not received long-term equity awards on an annual basis. During Fiscal 2015 (the period from April 1, 2014 to March 31, 2015), the Company completed a recapitalization, closed a private placement financing in which it raised net proceeds of approximately \$202 million, purchased its spectrum assets from Sprint Corporation and qualified to become a publicly traded company. In connection with these activities, the Company's executive officers were issued time-based stock option awards in Fiscal 2015 that reflected the Company's recapitalization and the fact that several of our executive officers were new hires and received their initial equity awards upon joining the Company. Because our executive officers received stock option awards in Fiscal 2015, our Compensation Committee elected not to grant equity awards to our executive officers at the beginning of Fiscal 2016 (the period from April 1, 2015 to March 31, 2016).

The Compensation Committee retained Pearl Meyer as its independent compensation consultant, and requested Pearl Meyer to evaluate the Company's executive compensation program. Based on this evaluation, the Compensation Committee determined that one of the components of the Company's executive compensation program should be the consideration of the annual issue of equity awards, with the issuance to take place at the beginning of each new fiscal year as may be determined by the Compensation Committee. In designing the equity award program, the Compensation Committee determined that the equity awards should consist of both time-based and performance-based equity awards, with 50% of the shares issuable under the awards generally assigned to each type of award. The Compensation Committee then evaluated how to best transition to the "annual" grant of equity awards since it had not granted equity awards at the beginning of Fiscal 2016, and most of the Company's executive officers had not received equity-awards since June 2014 or the date they first joined the Company. With input from Pearl Meyer, the Compensation Committee elected to grant the Company's executive officers equity awards in January 2016. Although these equity awards were granted during Fiscal 2016, the Compensation Committee intended these equity awards to cover the period from January 2016 through March 31, 2017 (i.e., the end of Fiscal 2017). As a result, the Compensation Committee did not grant annual equity awards to the Company's executive officers other than Robert Schwartz, our President and Chief Operating Officer, during Fiscal 2017, and so the compensation tables included in this proxy statement for our executive officers other than Mr. Schwartz do not include any equity awards for Fiscal 2017. To reflect his performance and his assumption of additional responsibilities in support of the Company's spectrum initiatives, the Compensation Committee issued 10,000 time-based restricted stock units to Mr. Schwartz on June 28, 2016 and an additional 2,058 restricted stock units on January 13, 2017. The restricted stock units vest over a four-year period, with 25% of the restricted stock units vesting on the one year anniversary of the respective grant dates, and the remainder of the restricted stock units vesting in three equal annual installments thereafter.

For Fiscal 2018 (i.e., the period from April 1, 2017 to March 31, 2018) and future fiscal years, the Compensation Committee determined that the Company's executive compensation program should provide for the issuance of equity awards to the Company's executive officers each fiscal year. Consistent with this program, the Compensation Committee granted our executive officers time-based and performance-based equity awards during Fiscal 2018.

For Fiscal 2018, the Compensation Committee determined that 50% of the grant date fair value of the shares issuable under the equity awards should be time-based and the remaining 50% should be performance-based. The time-based equity awards each vest in four equal annual installments over a four-year period measured from the grant date. The performance-based equity awards vest contingent upon the Company's satisfaction of each of the following conditions on or before January 13, 2020:

1. achievement of a final order from the Federal Communications Commission ("FCC") providing for the creation and allocation of licenses for spectrum in the 900 MHz band consisting of paired blocks of contiguous spectrum, each containing at least 3 MHz of contiguous spectrum, authorized for broadband wireless communications uses, and
2. the lack of objection by the Company's Board of Directors to the terms and conditions (including, but not limited to, the rebanding, clearing and relocation procedures, license assignment and award mechanisms, and technical and operational rules) set forth or referenced in the final order from the FCC.

Shares Held in Street Name

You are deemed to beneficially own your shares in “street name” if your shares are held in an account at a brokerage firm, bank, broker-dealer, trust or other similar organization. If this is the case, you will receive a separate voting instruction form with this Proxy Statement from such organization. As the beneficial owner, you have the right to direct your broker, bank, trustee, or nominee how to vote your shares, and you are also invited to attend the Annual Meeting. If you hold your shares in street name and do not provide voting instructions to your broker, bank, trustee or nominee, your shares will not be voted on any proposals on which such party does not have discretionary authority to vote (a “broker non-vote”), as further described below under the heading “Broker Non-Votes.”

Please note that if your shares are held of record by a broker, bank, trustee or nominee and you wish to vote at the Annual Meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from your broker, bank, trustee, or nominee.

Broker Non-Votes

Broker non-votes are shares held by brokers, banks, trustees, or other nominees who are present in person or represented by proxy, but which are not voted on a particular matter because the brokers, banks, trustees, or nominees do not have discretionary authority with respect to that proposal and they have not received voting instructions from the beneficial owner. Under the rules that govern brokers, banks, trustees and other nominees, these entities have the discretion to vote on routine matters, but not on non-routine matters. The only routine matter to be considered at the Annual Meeting is the ratification of the appointment of the Company's independent registered public accounting firm. The remaining proposal, the election of directors, is considered to be a non-routine matter. ***As a result, if you do not provide your broker, bank, trustee, or nominee with voting instructions on this non-routine matter, your shares will not be voted either for or against the Company's director nominees.***

Implications of being an "Emerging Growth Company"

We are an "emerging growth company," as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. The JOBS Act contains provisions that, among other things, reduce certain reporting requirements for an "emerging growth company." For so long as we remain an emerging growth company, we are permitted and will rely on exemptions from certain disclosure requirements. These exemptions include reduced disclosure obligations regarding the compensation of our executive officers. In addition, as an emerging growth company, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our named executive officers or the frequency with which such votes must be conducted. We will remain an emerging growth company until the earlier of (a) the last day of the fiscal year following January 26, 2020, (b) the last day of the fiscal year in which we have total annual gross revenues of at least \$1.0 billion, (c) the date on which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million when measured as of the end of our prior second fiscal quarter (currently September 30th), or (d) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period. Accordingly, the information contained in this Proxy Statement and the matters to be voted on at the Annual Meeting may not be as extensive as the information and proxy proposals submitted by other public companies that are not emerging growth companies.

Voting Matters

Stockholders are entitled to cast one vote per share of common stock on each matter presented at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a purpose related to the Annual Meeting during normal business hours at our executive offices for a period of at least 10 days preceding the date of the Annual Meeting.

There are two proposals scheduled to be voted on at the Annual Meeting:

- (1) To elect eight directors to hold office until the 2019 annual meeting of stockholders and until their respective successors are elected and qualified; and
- (2) To ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2019.

Our Board recommends a vote FOR each of the director nominees and FOR proposal 2.

We are currently unaware of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. If other matters are properly presented at the Annual Meeting for consideration and you are a stockholder of record and have submitted your proxy, the persons named in your proxy will have the discretion to vote on those matters for you, provided that they will not vote in the election of directors for any nominee(s) from whom authority to vote has been withheld.

Vote Required

Proposal 1 – Election of Directors

Under our Amended and Restated Certificate of Incorporation, as amended, and our Amended and Restated Bylaws, in an uncontested election, directors are elected by the vote of the majority of the votes cast with respect to such director. This means that the number of shares voted “FOR” a nominee for election as director must exceed the number of votes cast “AGAINST” that director nominee. If you hold your shares through a broker, bank, trust, or other nominee and you do not instruct the broker, bank, trustee, or nominee on how to vote on this proposal, your broker, bank, trustee, or nominee will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not be considered as votes cast for or against any director nominee, and therefore will not have any effect on the outcome of this proposal.

We have also implemented a policy for director resignations, applicable if an incumbent director nominee receives less than a majority of votes cast in an uncontested election. For more information see “Proposal One—Election of Directors” below. The Board of Directors recommends a vote “FOR” all nominees.

Proposal 2 – Ratification of Auditors

If a quorum is present, the affirmative vote of a majority of the votes cast at the Annual Meeting is required for ratification of Grant Thornton LLP, as our independent registered public accounting firm for the fiscal year ending March 31, 2019. Abstentions will be counted as present for purposes of determining the presence of a quorum but will not be considered as votes cast for or against this proposal, and will therefore have no effect on the outcome of the vote.

The Board of Directors recommends a vote “FOR” the ratification of Grant Thornton LLP, our independent registered public accounting firm for the fiscal year ending March 31, 2019. For more information see “Proposal Two—Ratification of Appointment of Grant Thornton LLP as the Company’s Independent Registered Public Accounting Firm.”

Voting Instructions

If you are a stockholder of record, you can vote in the following ways:

1. **By Internet:** by following the internet voting instructions included on the proxy card at any time up until 11:59 p.m., Eastern Daylight Time, on August 6, 2018.
2. **By Telephone:** by following the telephone voting instructions included on the proxy card at any time up until 11:59 p.m., Eastern Daylight Time, on August 6, 2018
3. **By Mail:** you may vote by mail by marking, dating and signing your proxy card in accordance with the instructions on it and returning it by mail in the pre-addressed reply envelope provided with the proxy materials. The proxy card must be received prior to the Annual Meeting.

You may also vote your shares in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by internet, telephone or mail so that your vote will be counted in the event you later decide not to attend the Annual Meeting.

If your shares are held in street name, please follow the separate voting instructions you receive from your broker, bank, trustee, or other nominee.

Proxies

All shares represented by a proxy will be voted at the Annual Meeting, and where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If a stockholder does not indicate a choice on the proxy card, the shares will be voted in favor of the election of the nominees for director contained in this Proxy Statement and in favor of ratifying Grant Thornton LLP as the Company’s independent registered public accounting firm for the fiscal year ending March 31, 2019. If any other business may properly come before the Annual Meeting, the proxies are authorized to vote in their discretion, provided that they will not vote in the election of directors for any nominee(s) from whom authority to vote has been withheld.

If your shares are held by a broker, bank, trustee, or other nominee, exercising fiduciary powers (typically referred to as being held in “street name”), you should receive a separate voting instruction form with this Proxy Statement. Your broker, bank, trustee, or nominee may vote your shares on Proposal 2, but will not be permitted to vote your shares with respect to the election of directors unless you provide instructions as to how to vote your shares. Please note that if your shares are held of record by a broker, bank, trustee, or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

Proxy Revocation Procedure

If you are a stockholder of record, you may revoke your proxy: (i) by written notice of revocation mailed to and received by the Corporate Secretary of the Company prior to the date of the Annual Meeting, (ii) voting again via the internet or by telephone at a later time before the closing of those voting facilities at 11:59 p.m. Eastern Daylight Time on August 6, 2018, (iii) by executing and delivering to the Corporate Secretary a proxy dated as of a later date than a previously executed and delivered proxy (provided, however, that such action must be taken prior to 11:59 p.m. Eastern Daylight Time on August 6, 2018), or (iv) by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself revoke a proxy.

If your shares are held by a broker, bank, trustee, or nominee, you may change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee; or, if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Voting Results

We will announce preliminary voting results at the Annual Meeting. We will report final results in a Form 8-K report filed with the United States Securities and Exchange Commission (the “SEC”).

BOARD OF DIRECTORS INFORMATION

Our Board, based on the recommendation of the Nominating and Corporate Governance Committee, has nominated five of our existing directors and three new nominees for election at the Annual Meeting. Directors are elected by the vote of the majority of the votes cast with respect to such director. This means that the number of shares voted “FOR” a nominee for election as director must exceed the number of votes cast “AGAINST” that director nominee. All of our director nominees have indicated their willingness to serve if elected, but if any of our director nominees should be unable or unwilling to stand for election, the shares represented by proxy may be voted for a substitute designated by our Board.

In addition to the information set forth below regarding our director nominees and the skills that led our Board to conclude that these individuals should serve as directors, we believe that all of our director nominees have a reputation for integrity, honesty and adherence to the highest ethical standards. We believe they each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our Company and their Board duties.

Our corporate governance guidelines and code of business conduct, together with our Amended and Restated Certificate of Incorporation, as amended, and our Amended and Restated Bylaws and the charters for each of our Board committees, form the basis for our corporate governance framework. We also are subject to the Sarbanes-Oxley Act, the rules and regulations of the SEC and the corporate governance rules of the NASDAQ Stock Market. Our Board has established three standing committees to assist it in fulfilling its responsibilities to the Company and its stockholders: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Corporate Governance Guidelines: Our corporate governance guidelines are designed to help ensure effective corporate governance of our Company. Our corporate governance guidelines cover topics including, but not limited to, director qualification criteria, director responsibilities, director compensation, director orientation and continuing education, communications from stockholders to our Board, succession planning and the annual evaluations of our Board and its committees. Our corporate governance guidelines are reviewed by the Nominating and Corporate Governance Committee and amended by our Board when appropriate. The full text of our corporate governance guidelines is available on our website at www.pdvwireless.com. A printed copy may also be obtained by any stockholder upon request to our Corporate Secretary.

Our Board of Directors: Our Board currently consists of eight members. The number of directors on our Board can be determined from time to time by action of our Board.

Our Board has determined that our five non-employee directors during Fiscal 2018, including Messrs. Akers, Hennessy, Saleh, Schiff and Sites, and our three new director nominees, including Ms. Chong, Mr. Cominos and Ms. McAllister, each meet the independence standards established by the NASDAQ Stock Market and the applicable independence rules and regulations of the SEC, including the rules relating to the independence of the members of our Audit Committee and Compensation Committee, as applicable. Our Board considers that a director is independent when the director is not an officer or employee of the Company or its subsidiaries, does not have any relationship which would, or could reasonably appear to, materially interfere with the independent judgment of such director, and the director otherwise meets the independence requirements under the listing standards of the NASDAQ Stock Market and the rules and regulations of the SEC.

Our Board believes its members and the new director nominees collectively have the experience, qualifications, attributes and skills to effectively oversee the management of our Company, including a high degree of personal and professional integrity, an ability to exercise sound business judgment on a broad range of issues, sufficient experience and background to have an appreciation of the issues facing our Company, a willingness to devote the necessary time to their Board and committee duties, a commitment to representing the best interests of the Company and our stockholders and a dedication to enhancing stockholder value.

Compensation Committee Interlocks and Insider Participation: No member of our Compensation Committee has at any time been our employee. Except as set forth herein, none of our executive officers serves, or has served during the last fiscal year, as a member of the board of directors or compensation committee of any other entity that has one or more executive officers serving as a member of our Board or our Compensation Committee.

Code of Business Conduct: Our Board adopted a code of business conduct that applies to our officers, directors and employees. Among other matters, our code of business conduct is designed to deter unlawful or unethical behavior and to promote the following:

1. Prohibiting conflicts of interest (including protecting corporate opportunities);
2. Protecting our confidential and proprietary information and that of our customers and vendors;
3. Treating our employees, customers, suppliers and competitors fairly;
4. Encouraging full, fair, accurate, timely and understandable disclosure;
5. Protecting and properly using company assets;

6. Complying with laws, rules and regulations (including insider trading laws); and
7. Encouraging the reporting of any unlawful or unethical behavior.

Any waiver of the code of business conduct for our executive officers, directors or employees may be made only by our Nominating and Corporate Governance Committee and will be promptly disclosed on our website. We have posted a copy of our code of business conduct, and intend to post amendments to this code, on our website at www.pdvwireless.com, as permitted under SEC rules and regulations.

Board Leadership Structure: Mr. McAuley serves as Chairman of our Board, and Mr. O'Brien serves as our Chief Executive Officer. Our Board has determined that separating the positions of Chief Executive Officer and Chairman of the Board is in the best interests of the Company and its stockholders at this time. As an additional key element of its leadership structure, our Board has appointed Mr. Hennessy to serve as Lead Independent Director.

Our Board believes our leadership structure enhances the accountability of our Chief Executive Officer to our Board and encourages balanced decision making. In addition, our Board believes that this structure provides an environment in which the independent directors are fully informed, have significant input into the content of Board meetings, and are able to provide objective and thoughtful oversight of management. Our Board also separated the roles in recognition of the differences in responsibilities. While our Chief Executive Officer is responsible for the day-to-day leadership and operations of the Company, the Chairman of the Board and the Lead Independent Director provide guidance to our Board and sets the agenda for Board meetings. Our Lead Independent Director also provides performance feedback on behalf of our Board to our Chairman and Chief Executive Officer. Our Board also considered that our Audit, Compensation, and Nominating and Corporate Governance Committees, which oversee critical matters such as the integrity of our financial statements, the compensation of executive management, the selection and evaluation of directors, the development and implementation of corporate governance policies, and the oversight of the Company's compliance with laws and regulations, each consist entirely of independent directors. Our Board intends to evaluate from time to time whether our Chief Executive Officer and Chairman positions should remain separate based on what our Board determines is best for the Company and its stockholders.

Board Oversight of Risk: Our Board is actively involved in the oversight of risks that could affect the Company. Our Board as a whole has responsibility to evaluate and oversee the Company's risk management policies and procedures, with responsibility of certain areas being assigned to the relevant Board committee. Our Board satisfies this responsibility through reports by each committee chair regarding the committee's evaluations and recommendations, as well as through regular reports directly from management responsible for oversight of particular risks within the Company. Specifically, our Board committees address the following risk areas:

1. The Compensation Committee is responsible for overseeing the management of risks related to the retention and motivation of the Company's executives and their compensation plans and arrangements.
2. The Audit Committee discusses with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
3. The Nominating and Corporate Governance Committee considers risks related to regulatory and compliance matters relevant to the Company and its operations, including the Company's compliance with good corporate governance practices and the requirements established by the SEC and the NASDAQ Stock Market.

Our Board encourages management to promote a corporate culture that incorporates risk management into the Company's day-to-day business operations.

Communications with the Board of Directors: Our Board desires that the views of the Company's stockholders will be heard by our Board, its committees or individual directors, as applicable, and that appropriate responses will be provided to stockholders on a timely basis. Stockholders wishing to formally communicate with our Board, any Board committee, the independent directors as a group or any individual director may send communications directly to the Company at pdvWireless, Inc., 3 Garret Mountain Plaza, Suite 401, Woodland Park, New Jersey 07424, Attention: Corporate Secretary. All clearly marked written communications, other than unsolicited advertising or promotional materials, are logged and copied, and forwarded to the director(s) to whom the communication was addressed. Please note that the foregoing communication procedure does not apply to (i) stockholder proposals pursuant to Exchange Act Rule 14a-8 and communications made in connection with such proposals or (ii) service of process or any other notice in a legal proceeding.

Board and Committee Attendance: During Fiscal 2018 (the fiscal year ended March 31, 2018), all directors attended at least 75% or more of the aggregate of the meetings of our Board and of each of our Board committees on which they served at the time of such meetings. Our Board met six times during Fiscal 2018 and acted by written consent four times during Fiscal 2018; the Audit Committee met seven times during Fiscal 2018; the Compensation Committee met four times and acted by written consent two times during Fiscal 2018; and the Nominating and Corporate Governance Committee met three times during Fiscal 2018.

Director Attendance at the Annual Meeting: We believe the Annual Meeting provides a good opportunity for our directors to hear any feedback that our stockholders may desire to share with the Company and our Board. As a result, we encourage our directors to attend our Annual Meetings. We will reimburse our directors for the reasonable expenses they may incur in attending the Annual Meeting.

Executive Sessions: Executive sessions of our independent directors are held at each regularly scheduled meeting of our Board and at other times they deem necessary. Our Board's policy is to hold executive sessions both with and without the presence of management. Our Board committees also generally meet in executive session at the end of each committee meeting.

Stockholder Communications. We consistently and routinely interact with our stockholders on a number of matters, including receiving any feedback on our corporate governance framework and executive compensation.

Majority Voting for Election of Directors. Under our Amended and Restated Certificate of Incorporation, as amended, and our Amended and Restated Bylaws, in an uncontested election, directors are elected by the vote of the majority of the votes cast with respect to such director. This means that the number of shares voted "FOR" a nominee for election as director must exceed the number of votes cast "AGAINST" that director nominee. If such a director nominee fails to receive "**FOR**" votes representing at least a majority of votes cast and is an incumbent director, the Bylaws would require the director to tender his or her resignation to the Board if not already tendered pursuant to the Company's conditional resignation policy set forth in our Corporate Governance Guideline, subject to acceptance by the Board. The Nominating and Corporate Governance Committee of the Board would then be charged with making a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action should be taken. In contested elections, where the number of director nominees exceeds the number of directors to be elected, the plurality voting standard would continue to apply.

Stock Ownership Guidelines. All of our executive officers and non-employee Directors are subject to stock ownership guidelines approved by the Board. Our Chief Executive Officer is required to beneficially own a number of shares of the Company's common stock with a value equal to five times (5x) his base salary. All other executive officers are required to beneficially own a number of shares with a value equal to three times (3x) their base salary. Non-employee Directors are required to beneficially own a number of shares of the Company's common stock with a value equal to three times (3x) the annual cash retainer paid to them for service as a member of our Board. Each of our executive officers and each of our non-employee directors who have been a member of the Board for more than one year are in compliance with the stock ownership guidelines, although formal compliance is not required until the end of Fiscal 2022.

Succession Plan. The Board has amended our Corporate Governance Guidelines to provide for a formal succession planning process for the Company's Chief Executive Officer and its other key executives.

Consideration of Director Nominees

General: In evaluating nominees for membership on our Board, our Nominating and Corporate Governance Committee applies our Board membership criteria set forth in our Corporate Governance Guidelines. Under these criteria, the Committee takes into account many factors, including an individual's business experience and skills (including skills in core areas such as operations, management, technology, accounting and finance, capital markets and strategic planning), as well as independence, judgment, knowledge of our business and industry, professional reputation, leadership, integrity and ability to represent the best interests of the Company's stockholders. In addition, the Nominating and Corporate Governance Committee will also consider the ability of the nominee to represent the best interests of the Company and its stockholders and to commit sufficient time and attention to the activities of our Board, as well as the absence of any potential conflicts with the Company's interests. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Our Board does not have a formal policy with respect to the diversity of nominees. Rather, our Nominating and Corporate Governance Committee considers Board membership criteria as a whole and seeks to achieve diversity of occupational and personal backgrounds, experience and expertise on our Board. Our Board is responsible for selecting candidates for election as directors based on the recommendation of the Nominating and Corporate Governance Committee.

Our Nominating and Corporate Governance Committee and Board of Directors regularly assesses the appropriate size of our Board, and whether any vacancies on our Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential nominees who may come to the attention of the Committee through current Board members, professional search firms, stockholders or other persons. Each potential nominee brought to the attention of the Committee, regardless of who recommended such potential nominee, is considered on the basis of the criteria set forth in our Corporate Governance Guidelines.

Stockholder Nominees: The Nominating and Corporate Governance Committee will review a reasonable number of candidates for director recommended by a single stockholder who has held over 2.0% of the Company's common stock for over one year and who satisfies the notice, information and consent provisions set forth in the Company's Amended and Restated Bylaws. Our Board will use the same evaluation criteria and process for director nominees recommended by stockholders as it uses for other director nominees. There has been no change to the procedures by which stockholders may recommend nominees to our Board. For information concerning stockholder proposals, see "Stockholder Proposals for 2019 Annual Meeting" below in this Proxy Statement.

Recent Corporate Governance Changes

Our Board has taken the following actions to further strengthen our corporate governance framework.

Additional Independent Directors. Our Board added a new independent director in fiscal 2017, Paul Saleh, and another new independent director in fiscal 2018, Mark Hennessy. Additionally, the Board has nominated and is requesting the Company's stockholders to elect three additional independent directors at the Annual Meeting, including Rachelle B. Chong, Greg W. Cominos and Singleton B. McAllister. After the Annual Meeting, assuming all the director nominees are elected to the Board, the Board will be comprised of six independent directors and two management directors.

Board Diversity and Refreshment. As part of its continued efforts to add directors with relevant skills, experience, expertise and diversity, the Board is nominating three new independent directors for election at the Annual Meeting. Ms. Chong has extensive regulatory and legal experience and expertise in the telecom and public utility industries, including previously serving as a Commissioner of the FCC and as a Commissioner of the California Public Utilities Commission. Mr. Cominos is a 32-year veteran of both the power and the oil and gas industries, with expertise in developing business strategies to offer new technologies and solutions to power and other utility companies. Ms. McAllister is a regulatory and corporate governance expert, with experience in serving on the boards of both public and private utility companies. The Board believes these new director nominees will add considerable additional diversity of occupational and personal backgrounds, experience and expertise that will further facilitate objective and thoughtful oversight of management and the Company's business plans and strategies. These directors will also reduce the average tenure of the service on the Board from 9 to 4 years.

Lead Independent Director. As an additional key element of its leadership structure, our Board has appointed Mr. Hennessy to serve as Lead Independent Director. As Lead Independent Director, Mr. Hennessy will preside at meetings of the non-management and independent Board members. He also will advise management on the agenda for Board meetings, and provide such other functions as the Board may direct.

Stockholder Communications. We proactively interact with our stockholders to obtain their feedback on our operations, including meeting with a number of our large stockholders on a regular basis.

EXECUTIVE COMPENSATION

The following tables summarize information concerning the compensation awarded to, earned by, or paid for services rendered in all capacities by our named executive officers during Fiscal 2018 (the fiscal year ended March 31, 2018) and Fiscal 2017 (the fiscal year ended March 31, 2017). As an emerging growth company, our named executive officers include: John C. Pescatore, our principal executive officer during Fiscal 2018, and Morgan E. O'Brien and Robert H. Schwartz, our two most highly compensated executive officers (other than our principal executive officer) who were serving as executive officers at the end of Fiscal 2018. In April 2018, our Board of Directors approved a chief executive officer transition plan, under which John C. Pescatore, our chief executive officer and president, transitioned to the position of vice chairman and Morgan E. O'Brien, our then-current vice chairman, assumed the position as our new chief executive officer. In May 2018, our Board of Directors appointed Robert H. Schwartz to serve as our president and chief operating officer.

In addition, as an emerging growth company, we have elected to adopt the reduced compensation disclosure requirements permitted under the JOBS Act. As a result, we are permitted and will rely on exemptions from certain disclosure requirements. Nevertheless, our Board and Compensation Committee each believe that adopting appropriate and sound compensation programs and practices are fundamental to the overall success of our business and aligning the interests of our executives with the interests of our stockholders.

We are a wireless communications company focused on developing and offering our spectrum assets for the deployment of next generation network and mobile communication solutions designed to meet the needs of critical infrastructure and enterprise customers. We are the largest holder of licensed spectrum in the Part 90 900 MHz spectrum band (i.e., 896-901 MHz paired with 935-940 MHz) throughout the contiguous United States, plus Hawaii, Alaska and Puerto Rico. On average, we hold approximately 60% of the channels in our portion of the 900 MHz band in the top 20 metropolitan market areas in the United States.

As our first priority, we have initiated and are currently pursuing a regulatory proceeding at the Federal Communications Commission ("FCC") aimed at modernizing and realigning the 900 MHz band to increase its usability and capacity, including for the future deployment of broadband and other advanced technologies and services. At the same time, we are pursuing opportunities to leverage our spectrum, to address the unmet needs of our targeted critical infrastructure and enterprise customers. For our first offering, we have deployed push-to-talk ("PTT") networks and offer our TeamConnect two-way radio service in seven major metropolitan market areas, including Atlanta, Baltimore/Washington, Chicago, Dallas, Houston, New York and Philadelphia. TeamConnect allows our enterprise customers to increase the productivity of their field-based workers and the efficiency of their dispatch and call center operations. We are exploring additional opportunities to enable additional network and mobile communication solutions for use by critical infrastructure and enterprise customers with our existing spectrum and currently available non-broadband technologies and, if we are successful with our FCC efforts, utilizing our spectrum assets to enable broadband and other advanced wireless service offerings.

Our Board of Directors has established a Compensation Committee comprised of three independent directors in accordance with the rules and regulations established by the SEC and the NASDAQ Stock Market. Our Board has delegated to the Compensation Committee the authority to establish the Company's executive compensation program and to approve all compensation received by the Company's executive officers and the other members of its management team. In 2015, the Compensation Committee retained Pearl Meyer, as its independent compensation consultant, to assist it in evaluating the Company's executive compensation program and selecting an appropriate peer group of comparable companies for purposes of setting executive compensation.

Executive Compensation Program. Based on the advice of its independent compensation consultant, our Compensation Committee has established an executive compensation program consisting of: (i) an annual base salary, (ii) an annual performance-based cash bonus program and (iii) a long-term equity award plan consisting of time-based and performance-based equity awards. In establishing this program, the Compensation Committee focused on designing a program that would attract, retain, and incentivize talented executives, motivate them to achieve our key financial, operational, and strategic goals, and reward them for superior performance. The Compensation Committee also focused on ensuring that our executive compensation program aligns our executive officers' and key employee's interests with those of our stockholders by basing a significant portion of their compensation on the achievement of certain pre-established corporate and individual performance goals.

Determination of Executive Compensation. The Compensation Committee did not target compensation to a particular percentile for our executive officers in Fiscal 2018. Although it did not target a particular percentile, the Compensation Committee considered the Company's net operating losses and the benefits to the Company and its stockholders of conserving the Company's cash resources and extending its operating runway. Based on these factors, the Compensation Committee determined to generally offer our executives below median annual salaries and total target cash compensation and median long-term equity incentives.

In setting executive compensation, the Compensation Committee considered benchmark data from the peer group it established, relevant publicly available market data and the compensation reports provided by Pearl Meyer. The Compensation Committee also considered the compensation recommendations of our Chief Executive Officer (other than with respect to determining his own compensation), as well as the Company's overall performance, each executive officer's responsibilities and individual performance, and the Company's financial status and operating runway for each individual executive. In addition, the Committee considered the benefits of maintaining pay parity among our executive officers.

Base Salary: The base salaries of our executive officers depend on their job responsibilities, the rate of compensation paid by our peer group of companies, the pay offered to the other executive officers, and the Company's financial position and business performance. To help conserve the Company's cash resources, the Compensation Committee set the base salaries for our executive officers for Fiscal 2018 below median based on peer group data.

Performance-Based Cash Bonus Awards: As part of our compensation program, our executive officers and other key employees are eligible to participate in a performance-based cash bonus award program. The Compensation Committee determines the annual performance-based cash bonus awards based on the executive's individual performance and the Company's actual performance compared to the corporate goals approved by the Compensation Committee. For Fiscal 2018, the Compensation Committee set the annual target bonuses for our then serving Chief Executive Officer at 100% of his base salary, for our Chairman and our then serving Vice Chairman at 75% of their respective base salaries and for other executives at 40% to 60% of their respective base salaries. The Compensation Committee also determined that 50% of the annual performance-based cash incentive award for each of our executives, other than our sales team executives, would be based on corporate performance goals and 50% would be based on their individual performance. For our sales team executives, the Compensation Committee adjusted the weighting of the annual performance-based cash incentive award to be 60% based on the achievement of the corporate performance goals and 40% based on individual performance.

For Fiscal 2018, our Compensation Committee established the following four corporate performance goals, and assigned the following percentages to each goal:

Performance Goal	Executive Officers	Sales Team Executives
Net Customer Additions Target	15%	32.5%
Total Revenue Target	5%	7.5%
Adjusted EBITDA Target ⁽ⁱ⁾	15%	10%
Net Cash Balance Target	15%	10%

- (i) The Company defines Adjusted EBITDA as net income (loss) with adjustments for depreciation and amortization, interest income (expense)-net, other income (expense)-net, income taxes and stock-based compensation.

The Compensation Committee provided that the target bonus percentages for the Net Customer Additions and Total Revenue Targets would increase by 4% for each 1% positive variance from the established performance target, and decrease by 4% for each 1% negative variance from the established performance target. The Compensation Committee provided that the maximum payouts for the Net Customer Additions and Total Revenue Targets could not exceed 125% of the respective target percentages, and the maximum payouts for meeting or exceeding the EBITDA and Net Cash Balance Targets could not exceed 100% of the target percentages.

For Fiscal 2018, the Compensation Committee evaluated the Company's performance relative to each of these corporate performance goals. For performance goals with minimum base performance levels, the Compensation Committee assigned a zero percentage to those performance goals if the Company did not meet the minimum base performance level. Based on this evaluation, the Compensation Committee assigned the following values to the corporate performance goals: (i) 0% for the Net Customer Additions Target because the Company did not meet the minimum base performance level, (ii) 108% related to the Total Revenue Target, (iii) 100% to the Adjusted EBITDA Target and (iv) 100% to the Net Cash Balance Target. Based on these scores and the relative weights applied to each goal, the Company achieved an overall aggregate of 35.4% for our non-sales team executives and 28.1% for our sales team executives. Our Compensation Committee expected that the objectives it set as the corporate performance goals at the target level of performance would be challenging and require effective execution by the Company's management team.

The Compensation Committee then considered the respective performance of each of our executive officers and other key employees in achieving their individual target and stretch performance goals. Based on this evaluation and its evaluation of the Company performance goals discussed above, the Compensation Committee awarded annual performance awards to our executives ranging from 63.1% to 145.6% of their target bonuses.

Long-Term Equity Awards: Equity ownership by our executive officers and key employees encourages them to create long-term value and also aligns their interests with those of our stockholders. Historically, our executive officers have not received long-term equity awards on an annual basis. During Fiscal 2015 (the period from April 1, 2014 to March 31, 2015), the Company completed a recapitalization, closed a private placement financing in which it raised net proceeds of approximately \$202 million, purchased its spectrum assets from Sprint Corporation and qualified to become a publicly traded company. In connection with these activities, the Company's executive officers were issued time-based stock option awards in Fiscal 2015 that reflected the Company's recapitalization and the fact that several of our executive officers were new hires and received their initial equity awards upon joining the Company. Because our executive officers received stock option awards in Fiscal 2015, our Compensation Committee elected not to grant equity awards to our executive officers at the beginning of Fiscal 2016 (the period from April 1, 2015 to March 31, 2016).

During mid-Fiscal 2016, the Compensation Committee again retained Pearl Meyer as its independent compensation consultant, and requested Pearl Meyer to evaluate the Company's executive compensation program. Based on this evaluation, the Compensation Committee determined that one of the components of the Company's executive compensation program should be the consideration of the annual issue of equity awards, with the issuance to take place at the beginning of each new fiscal year as may be determined by the Compensation Committee. In designing the equity award program, the Compensation Committee determined that the equity awards should consist of both time-based and performance-based equity awards, with 50% of the grant date fair value being assigned to each type of award. The Compensation Committee then evaluated how to best transition to the "annual" grant of equity awards since it had not granted equity awards at the beginning of Fiscal 2016, and most of the Company's executive officers had not received equity-awards since June 2014 or the date they first joined the Company. With input from Pearl Meyer, the Compensation Committee elected to grant the Company's executive officers equity awards in January 2016. Although these equity awards were granted during Fiscal 2016, the Compensation Committee intended these equity awards to cover the period from January 2016 through March 31, 2017 (i.e., the end of Fiscal 2017). As a result, the Compensation Committee did not grant annual equity awards to the Company's executive officers, other than Mr. Schwartz during Fiscal 2017, and so the compensation tables included in this proxy statement for Messrs. O'Brien and Pescatore do not include any equity awards for Fiscal 2017. To reflect his performance and his assumption of additional responsibilities in support of the Company's spectrum initiatives, the Compensation Committee issued 10,000 time-based restricted stock units to Mr. Schwartz on June 28, 2016 and an additional 2,058 restricted stock units on January 13, 2017. The restricted stock units vest over a four-year period, with 25% of the restricted stock units vesting on the one year anniversary of the respective grant dates, and the remainder of the restricted stock units vesting in three equal annual installments thereafter.

For Fiscal 2018 (i.e., the period from April 1, 2017 to March 31, 2018) and future years, the Compensation Committee determined that the Company's executive compensation program should provide for the issuance of equity awards to the Company's executive officers each fiscal year. Consistent with this program, the Compensation Committee granted our executive officers time-based and performance based equity awards during Fiscal 2018.

In Fiscal 2016 and 2018, the Compensation Committee determined that 50% of the grant date fair value of the equity awards should be time-based and the remaining 50% should be performance-based. The time-based equity awards each vest in four equal annual installments over a four-year period measured from the grant date. The performance-based equity awards vest contingent upon the Company's satisfaction of each of the following conditions on or before January 13, 2020:

1. achievement of a final order from the FCC providing for the creation and allocation of licenses for spectrum in the 900 MHz band consisting of paired blocks of contiguous spectrum, each containing at least 3 MHz of contiguous spectrum, authorized for broadband wireless communications uses, and
2. the lack of objection by the Company's Board of Directors to the terms and conditions (including, but not limited to, the rebanding, clearing and relocation procedures, license assignment and award mechanisms, and technical and operational rules) set forth or referenced in the final order.

- (1) On April 23, 2018, the Company announced that its Board of Directors had determined that it was in the best interests of the Company and its stockholders to shift the Company's focus and resources to pursuing its regulatory initiatives at the FCC and preparing for the future deployment of broadband and other advanced technologies and services. In light of this shift in focus, the Board also approved a chief executive officer transition plan, under which, John C. Pescatore, the Company's chief executive officer and president, transitioned to the position of vice chairman and Morgan E. Severance Arrangements with our Named Executive Officers

Severance Plan Participation Agreement

In March 2015, we entered into a Severance Plan Participation Agreement (the "Participation Agreement") with each of our executive officers and certain key employees pursuant to our Executive Severance Plan (the "Severance Plan") approved by our Compensation Committee, which replaced any prior existing employment agreements or severance arrangements with our executives. The Severance Plan establishes the amount of severance payments and benefits available in the event of a (i) termination of employment by the Company without Cause or by the participant for Good Reason and (ii) termination of employment by the Company without Cause or by the participant for Good Reason within six months before or within 24 months after a Change in Control (as defined in the Severance Plan).

The Severance Plan establishes two tiers of executives. As of the end of Fiscal 2018, the Company's Tier 1 executives included Morgan E. O'Brien, the then Vice Chairman of the Board and John C. Pescatore, the then President and Chief Executive Officer and the Company's Tier 2 executives included: Robert H. Schwartz, the then Chief Strategy and Development Officer.

Upon termination of employment by the Company without Cause or by the participant for Good Reason, each (i) Tier 1 executive is eligible for a cash severance payment equal to 2.0 times and each Tier 2 executive at 1.5 times the sum of the executive's base salary plus target bonus, paid in installments over 24 months, plus a pro-rated target bonus for the fiscal year in which the termination occurs. Additionally, for equity awards granted prior to February 18, 2015 (the "Effective Date"), each Tier 1 and Tier 2 executive will receive full accelerated vesting of such equity awards and a 2-year time period to exercise any stock options. For equity awards granted after the Effective Date, each Tier 1 and Tier 2 executive will receive pro-rated accelerated vesting of such equity awards to reflect their actual time-based services to the Company measured from the grant date and a 9-month time period to exercise any stock options included in such equity awards.

Upon termination of employment by the Company without Cause or by the executive for Good Reason within 6 months before or within 24 months after a Change in Control (as defined in the Severance Plan), each (i) Tier 1 executive is eligible for a cash severance payment equal to 2.0 times and each Tier 2 executive at 1.5 times the sum of the executive's base salary plus target bonus, paid in a lump sum, plus a pro-rated target bonus for the fiscal year in which the termination occurs. In addition, each Tier 1 and Tier 2 executive will receive full accelerated vesting of all outstanding equity grants and a 2-year time period to exercise any stock options included in such equity awards.

The Severance Plan also provides for payment of health benefits continuation for a maximum of 18 months for Tier 1 and Tier 2 executives and outplacement services for a maximum of 12 months and \$25,000 for Tier 1 and Tier 2 executives.

Employee Benefit Plans

401(k) Plan

Our employees are eligible to participate in a 401(k) Plan. Effective January 1, 2018, the Company increased the company match for all employees participating in the 401(k) Plan from 1% to 2% of annual cash compensation.

DIRECTOR COMPENSATION

Our directors play a critical role in guiding our strategic direction and overseeing the management of our Company. Ongoing developments in corporate governance and financial reporting have resulted in an increased demand for highly qualified and productive public company directors. The varied responsibilities, the substantial time commitment and the potential risks of serving as a director for a public company require that we provide adequate compensation for the continued performance of our non-employee directors by offering them compensation that is commensurate with the workload and the demands we place on them. Our non-employee directors are compensated based upon their Board and Board Committee responsibilities. Messrs. McAuley, O'Brien and Pescatore, who are each executive officers of the Company, receive no separate compensation for their service as directors.

Our director compensation is overseen by the Compensation Committee, which makes recommendations to our Board of Directors on the appropriate structure for our non-employee director compensation program and the appropriate amount of compensation to offer to our non-employee directors. Our Board of Directors is responsible for final approval of our non-employee director compensation program and the compensation paid to our non-employee directors. The Compensation Committee retained Pearl Meyer as its independent compensation consultant to assess the Company's non-employee director compensation program. With the assistance of Pearl Meyer, the Compensation Committee and Board of Directors established the Company's philosophy to target total compensation for our non-employee directors at the 50th percentile of the market, based on the same peer group used in benchmarking the compensation of our executive officers.

Non-Employee Director Compensation

For Fiscal 2018, our non-employee director compensation program consisted of: (i) annual cash retainers for Board service and for service as the chair of one of the standing Board Committees and (ii) long-term equity awards consisting of restricted stock awards granted on an annual basis to continuing non-employee directors immediately following the annual meeting of stockholders or upon their initial appointment to the Board for new directors. Our non-employee directors are not entitled to any Board or Board Committee meeting fees.

Annual Cash Retainers: Under our non-employee director compensation program, our non-employee directors received the following annual cash retainers: \$50,000 for service on the Board, \$18,000 for service as the Audit Committee chair, \$12,000 for service as the Compensation Committee chair, and \$8,000 for service as the Nominating and Corporate Governance Committee chair. These annual retainers are payable in four equal quarterly installments on the first day of each new calendar quarter.

Our non-employee director compensation program provides that newly appointed non-employee directors receive annual cash retainers on a pro rata basis, based on the fiscal quarter in which the director is appointed to the Board and each Board committee.

Long-Term Equity Awards: Under our non-employee director compensation program, each of our non-employee directors are issued annual restricted stock awards with a grant date fair market value equal to approximately \$65,000. Each such annual award will vest on the earlier of (i) immediately prior to the commencement of the next regularly scheduled annual meeting of stockholders or (ii) 12 months from the grant date, subject to accelerated vesting of all unvested amounts in the event of (x) a change of control of the Company or (y) the director's death, resignation or removal from the Board without cause. On August 3, 2017, immediately following the 2017 annual meeting of stockholders, each of our continuing non-employee directors received restricted stock awards for 2,611 shares of common stock with a fair value of \$24.90 per share, which was the closing bid price of our common stock on the NASDAQ Capital Market on the date of grant.

Our non-employee director compensation program provides that newly appointed non-employee directors receive an annual restricted stock grant, with the fair market value on the grant date calculated on pro-rata basis, based on the fiscal quarter in which the director is appointed to the Board.

Reimbursement: Our directors are entitled to reimbursement for their reasonable travel and lodging expenses for attending Board and Board Committee meetings.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We have not engaged in any related party transaction since April 1, 2017 in which the amount involved exceeds \$120,000 and in which any of our directors, named executive officers or any holder of more than 5% of our common stock, or any member of the immediate family of any of these persons or entities controlled by any of them, had or will have a direct or indirect material interest, other than the compensation arrangements described in “Executive Compensation.”

Related Party Transaction Policy

Pursuant to our Code of Business Conduct and Ethics, our executive officers, directors, and principal stockholders, including their immediate family members and affiliates, will be prohibited from entering into a related party transaction with us without the prior approval of our Audit Committee or our independent directors. Any request for us to enter into a transaction with an executive officer, director, principal stockholder, or any of such persons’ immediate family members or affiliates, in which the amount involved exceeds \$120,000, must first be presented to our Audit Committee for review, consideration and approval. In approving or rejecting the proposed agreement, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant, including, but not limited, to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director’s independence. Our Audit Committee shall approve only those agreements that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Audit Committee determines in the good faith exercise of its discretion.

PROPOSAL ONE

ELECTION OF DIRECTORS

At the Annual Meeting, our stockholders will vote on the election of eight (8) directors to serve until our 2019 annual meeting and until their respective successors are elected and qualified. Our Board has unanimously nominated five (5) of our existing directors and three (3) new director nominees for election to our Board at the Annual Meeting.

Vote Required and Board Recommendation

Under our Amended and Restated Certificate of Incorporation, as amended, and our Amended and Restated Bylaws, in an uncontested election, the directors are elected by a majority of the votes cast in person or by proxy at the Annual Meeting assuming a quorum is present. This means that the number of shares voted "FOR" a nominee for election as director must exceed the number of votes cast "AGAINST" that director nominee. If you hold your shares in street name and you do not instruct the broker, bank, trustee or nominee on how to vote on this proposal, they will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not be voted for or against the election of any director nominee, and so will not have any effect on the outcome of this proposal.

We have also implemented a majority voting policy for director resignations, which is applicable if an incumbent director nominee receives less than a majority of votes cast in an uncontested election. We expect each director nominated for reelection to tender his or her written irrevocable, conditional resignation to the Chairman of the Board that will be effective only upon both (i) the failure to receive the required vote at the Annual Meeting and (ii) Board acceptance of such resignation. If a director nominee fails to receive the required vote for reelection, our Nominating and Corporate Governance Committee (other than such director) will act on an expedited basis to determine whether to accept the director's irrevocable, conditional resignation, and it will submit such recommendation for prompt consideration by the Board. The Nominating and Corporate Governance Committee and members of the Board (other than such director) may consider any factors they deem relevant in deciding whether to accept a director's resignation. This policy does not apply in circumstances involving contested director elections.

All of our nominees have indicated their willingness to serve if elected, but if any should be unable or unwilling to stand for election, the shares represented by proxies may be voted for a substitute as the Board may designate, unless a contrary instruction is indicated in the proxy.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR, AND SOLICITS PROXIES IN FAVOR OF, EACH OF OUR DIRECTOR NOMINEES.

Unless otherwise instructed, it is the intention of the persons named in the proxy card to vote shares represented by properly executed proxy cards for the election of each of our director nominees.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF GRANT THORNTON LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Grant Thornton LLP ("Grant Thornton") as the Company's independent registered public accounting firm to audit our financial statements for the fiscal year ending March 31, 2019. The Audit Committee selected Grant Thornton after undertaking an auditor selection process to review qualified audit firms, including PKF O'Connor Davies LLP, ("PKF"), the Company's then current independent registered public accounting firm. At the Annual Meeting, we are asking our stockholders to ratify the appointment of Grant Thornton as our independent auditor because we value our stockholders' views on our independent auditor.

PKF served as the independent registered public accounting firm for the Company from 2008 through the fiscal year ended March 31, 2018. The reports of the financial statements, issued by PKF for the Company for each of the two most recent fiscal years ended March 31 in which PKF served as the independent registered public accounting firm of the Company, did not contain any adverse opinion or disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. For the past two most recent fiscal years in which PKF served as the independent registered public accounting firm of the Company and through the date of the auditor change, there were no disagreements (as that term is described in Item 304(a)(1)(iv) of Regulation S-K) between the Company and PKF on any matters of accounting principles or practices, financial statement disclosures, auditing scope or procedures, or any other matter which, if not resolved to the satisfaction of PKF, would have caused PKF to make reference to the subject matter of the disagreements in connection with the issuance of PKF reports on the financial statements of such periods. Further, for each of the two most recent fiscal years ended March 31, there were no "reportable events" (as that term is described in Item 304(a)(1)(v) of Regulation S-K). The Company provided PKF with a copy of our Current Report on Form 8-K disclosing the dismissal of PKF, and PKF furnished us with a letter dated June 29, 2018, addressed to the Securities and Exchange Commission, stating it agreed with the statements made above.

During the Company's fiscal years ended March 31, 2017 and 2018, neither the Company nor anyone on the Company's behalf consulted with Grant Thornton with respect to (a) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered with respect to the Company's consolidated financial statements, and neither a written report nor oral advice was provided to the Company by Grant Thornton that Grant Thornton concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue, or (b) any matter that was either the subject of a disagreement or a reportable event (as those terms are described in Item 304(a)(1)(iv) and (v), respectively, of Regulation S-K).

Representatives of PKF and Grant Thornton are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so and to respond to appropriate questions.

Vote Required and Board Recommendation

If a quorum is present, the affirmative vote of a majority of the votes cast at the Annual Meeting is required for ratification of our independent registered public accounting firm. Abstentions will be counted as present for purposes of determining the presence of a quorum but will not be considered as votes cast for or against this proposal and will therefore have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF GRANT THORNTON AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR THE FISCAL YEAR ENDING MARCH 31, 2019.

Audit Related Matters

The Audit Committee is responsible for approving the engagement of Grant Thornton as our independent registered public accounting firm for the fiscal year ending March 31, 2019.

The Audit Committee intends to meet with Grant Thornton on a quarterly or more frequent basis, as the Audit Committee had done with PKF in Fiscal 2018. At such times, the Audit Committee has reviewed the services performed by PKF, as well as the fees charged for such services.

Principal Accountant Fees and Services

The following table shows the aggregate fees paid or accrued by the Company for the audit and other services provided by PKF for Fiscal 2018 and Fiscal 2017.

	2018	2017
Audit fees	\$ 171,275	\$ 204,050
Audit-related fees	—	—
Tax fees	—	7,100
Other fees	—	—
Total	<u>\$ 171,275</u>	<u>\$ 211,150</u>

Audit Fees. Audit fees consist of fees billed for the audit of our annual consolidated financial statements, the review of the interim consolidated financial statements, and related services that are normally provided in connection with registration statements, including (i) the prospectus supplement filed in February 2018 in connection with the Company's ATM program as a supplement to the November 2016 Form S-3 registration statements and (ii) the Company's November 2016 Form S-3 registration statement.

Audit-Related Fees. There were no such fees incurred in Fiscal 2018 or Fiscal 2017.

Tax Fees. Tax fees consist of fees for professional services, including tax consulting and compliance performed by PKF.

All Other Fees. We did not incur any other fees in Fiscal 2018 or Fiscal 2017.

Policy on Audit Committee Pre-Approval of Audit and Permitted Non-Audit Services of Independent Auditors

The Audit Committee has determined that all services provided by PKF to date were compatible with maintaining the independence of such audit firm. The charter of the Audit Committee requires advance approval of all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by our independent registered public accounting firm, subject to any exception permitted by law or regulation.

REPORT OF THE AUDIT COMMITTEE

The following is the report of our Audit Committee with respect to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2018, filed with the SEC on June 5, 2018 (the “Annual Report”). The information contained in this report shall not be deemed to be “soliciting material” or to be “filed” with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

The Audit Committee currently consists of three directors, each of whom is an “independent director” as defined under the listing standards for the NASDAQ Stock Market and the rules and regulations of the SEC. The Audit Committee acts pursuant to a written charter that has been adopted by our Board. A copy of the charter is available on the Company’s website at www.pdvwireless.com.

Our Audit Committee oversees our financial reporting process on behalf of our Board. Management has the responsibility for the financial statements and the reporting process, including internal control systems. Our independent registered public accounting firm for the fiscal year ended March 31, 2018, PKF O’Connor Davies, LLP, (“PKF”), was responsible for expressing an opinion as to the conformity of our audited financial statements with accounting principles generally accepted in the United States of America.

Review with Management

The Audit Committee reviewed and discussed the audited financial statements with management of the Company.

Review and Discussions with Independent Accountants

The Audit Committee met with PKF to review the financial statements included in the Annual Report. The Audit Committee discussed with a representative of PKF the matters required to be discussed under the rules adopted by the Public Company Accounting Oversight Board (the “PCAOB”), including General Auditing Standards 1301, *Communications with Audit Committees*. In addition, the Audit Committee met with PKF, with and without management present, to discuss the overall scope of PKF audit, the results of its examinations and the overall quality of the Company’s financial reporting. The Audit Committee received the written disclosures and the letter from PKF required by Rule 3526 of the Public Company Accounting Oversight Board, Communication with Audit Committee Concerning Independence, and has discussed with PKF its independence, and satisfied itself as to the independence of PKF.

Conclusion

Based on the above review, discussions, and representations received, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal years ended March 31, 2018, 2017 and 2016, be included in the Company’s Annual Report and filed with the SEC.

OTHER MATTERS

The Company is not aware of any matter to be acted upon at the Annual Meeting other than the matters described in this proxy statement. However, if any other matter properly comes before the Annual Meeting, the proxy holders will vote the proxies in the exercise of their discretion on such matter.

PROXY SOLICITATION

The Company will bear the expenses of calling and holding the Annual Meeting and the soliciting of proxies therefor. This Proxy Statement and the accompanying materials, in addition to being mailed directly to stockholders, will be distributed through brokers, custodians, nominees and other like parties to beneficial owners of shares of Common Stock. The Company will pay reasonable expenses incurred in forwarding the proxy materials to the beneficial owners of shares and in obtaining the written instructions of such beneficial owners. In addition, the Company has hired Alliance Advisors, at an estimated cost of \$8,500, plus reimbursement of reasonable expenses, to assist in the solicitation of proxies. Our directors, officers and employees may also solicit proxies by mail, telephone and personal contact, but they will not receive any additional compensation for these activities.

STOCKHOLDER PROPOSALS FOR 2019 ANNUAL MEETING

Stockholders interested in submitting a proposal for consideration at our 2019 annual meeting must do so by sending the proposal to our Corporate Secretary at pdvWireless, Inc., 3 Garret Mountain Plaza, Suite 401, Woodland Park, New Jersey 07424. Under the SEC's proxy rules, the deadline for submission of proposals to be included in our proxy materials for the 2019 annual meeting is March 1, 2019. Accordingly, in order for a stockholder proposal to be considered for inclusion in our proxy materials for the 2019 annual meeting, any such stockholder proposal must be received by our Corporate Secretary on or before March 1, 2019, and comply with the procedures and requirements set forth in Rule 14a-8 under the Securities Exchange Act of 1934, as well as the applicable requirements of our Amended and Restated Bylaws. Any stockholder proposal received after March 1, 2019, will be considered untimely, and will not be included in our proxy materials. In addition, stockholders interested in submitting a proposal outside of Rule 14a-8 must properly submit such a proposal in accordance with our Amended and Restated Bylaws.

Our Amended and Restated Bylaws require advance notice of business to be brought before a stockholders' meeting, including nominations of persons for election as directors. To be timely, notice to our Corporate Secretary must be received at our principal executive offices not less than 90 days but not more than 120 days prior to the one-year anniversary of the date on of the 2018 Annual Meeting (i.e., August 7, 2019) and must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters as required by our Amended and Restated Bylaws. Therefore, to be presented at our 2019 annual meeting, such a proposal must be received by the Company on or after April 9, 2019 but no later than May 9, 2019. If the date of the 2019 annual meeting is advanced by more than 30 days, or delayed by more than 70 days, from the anniversary date of the 2018 Annual Meeting, notice must be received no earlier than the 120th day prior to such Annual Meeting and not later than the close of business on the later of (i) the 90th day prior to such Annual Meeting or (ii) the 10th day following the day on which the public announcement of the date of such Annual Meeting is first made.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

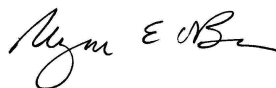

We have adopted "householding," a procedure approved by the SEC under which stockholders who share an address will receive a single copy of the Annual Report, Proxy Statement and Notice. This procedure reduces printing costs and mailing fees, while also reducing the environmental impact of the distribution of documents related to the Annual Meeting. If you reside at the same address as another pdvWireless, Inc. stockholder and wish to receive a separate copy of the Annual Meeting materials, you may do so by making a written or oral request to: pdvWireless, Inc., 3 Garret Mountain Plaza, Suite 401, Woodland Park, New Jersey 07424, Attn: Corporate Secretary, telephone (973) 771-0300. Upon your request, we will promptly deliver a separate copy to you. The Annual Report and Proxy Statement are also available at <http://www.viewproxy.com/pdvWireless/2018>.

Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, please notify your broker directly. You may also write to: Continental Stock Transfer & Trust Company, 17 Battery Place, 8th Floor, New York, NY 10004, Attention: Compliance Department, and include your name, the name of your broker or other nominee, and your account number(s). Any stockholders who share the same address and currently receive multiple copies of the Annual Report, Proxy Statement and Notice who wish to receive only one copy in the future may contact their bank, broker, or other holder of record, or pdvWireless, Inc. at the contact information listed above, to request information about householding.

ANNUAL REPORT ON FORM 10-K

The Company filed an Annual Report on Form 10-K for the year ended March 31, 2018 with the Securities and Exchange Commission. A copy of the Company's Annual Report on Form 10-K will also be made available (without exhibits), free of charge, to interested stockholders upon written request to pdvWireless, Inc., 3 Garret Mountain Plaza, Suite 401, Woodland Park, New Jersey 07424, Attention: Corporate Secretary. The Annual Report on Form 10-K is not incorporated into this Proxy Statement and is not considered to be proxy-soliciting material.
