The Selling Stockholder acquired the shares of common stock offered by this prospectus in a private placement transaction in reliance on exemptions from registration under the Securities Act of 1933, as amended (the “Securities Act”). We are registering the resale of all shares of common stock by the Selling Stockholder in connection with the terms of the Membership Interest Purchase Agreement entered into with the Selling Stockholder on September 8, 2014 (the “Purchase Agreement”), pursuant to which the Selling Stockholder was issued 500,000 Class B Units (the “Class B Units”) of our subsidiary, PDV Spectrum Holding Company, LLC (the “Subsidiary”) and converted such Class B Units into shares of our common stock on May 18, 2022 (such transaction the “Private Placement”).

### Overview

We are a wireless communications company focused on commercializing our spectrum assets to enable our targeted utility and critical infrastructure customers to deploy private broadband networks, technologies and solutions. We are the largest holder of licensed spectrum in the 900 MHz band (896-901/935-940 MHz) with nationwide coverage throughout the contiguous United States, Hawaii, Alaska and Puerto Rico. On May 13, 2020, the Federal Communications Commission (“FCC”) made a historic approval of the Report and Order to modernize and realign the 900 MHz band to increase its usability and capacity by allowing it to be utilized for the deployment of broadband networks, technologies and solutions (the “Report and Order”). The Report and Order was published in the Federal Register on July 16, 2020 and became effective on August 17, 2020. We are now engaged in qualifying for and securing broadband licenses from the FCC. At the same time, we are actively pursuing opportunities to lease the broadband spectrum we secure to our targeted utility and critical infrastructure customers.

### Private Placement and Related Transactions

On September 8, 2014, in connection with a Spectrum Rights Agreement we entered into with Motorola Solutions, Inc. (“Motorola”), we entered into a Membership Interest Purchase Agreement (the “Purchase Agreement”) with Motorola, pursuant to which Motorola invested \$10.0 million in our Company to purchase 500,000 Class B Units of our Subsidiary at a price equal to \$20.00 per Class B Unit. Pursuant to the terms of the Purchase Agreement, Motorola had the right to convert its 500,000 Class B Units into 500,000 shares of our common stock at any time. Motorola’s conversion ratio from Class B Units to shares of our common stock was fixed on a one-for-one basis.

On May 18, 2022, Motorola exercised its right to convert its 500,000 Class B Units into 500,000 shares of our common stock. The shares of our common stock were issued without registration under the Securities Act in reliance on the exemptions provided by Section 4(a)(2) of the Securities Act as transactions not involving a public offering and Rule 506 promulgated under the Securities Act as sales to accredited investors, and in reliance on similar exemptions under applicable state laws. The Purchase Agreement provides that, upon conversion of the Class B Units into shares of our common stock, we were obligated to provide the same registration rights under the terms and conditions set forth under the Registration Rights Agreement we entered into on June 10, 2014 (the “Registration Rights Agreement”) with certain other investors.

For more information regarding the number of shares of our common stock issued (or issuable) to the Selling Stockholder pursuant to the Private Placement, see the section entitled “*Selling Stockholder*” beginning on page 8 of this prospectus.

## **Risk Factors**

An investment in our common stock is subject to a number of risks and uncertainties. You should carefully consider the following, as well as the information contained under “*Risk Factors*” beginning on page 5 of this prospectus and in the documents incorporated by reference into this prospectus.

- our plans to commercialize our 900 MHz spectrum assets depend on our ability to qualify for and obtain broadband licenses from the FCC in accordance with the requirements of the Report and Order approved by the FCC on May 13, 2020 to modernize and realign the 900 MHz band to increase its usability and capacity by allowing it to be utilized for the deployment of broadband networks, technologies and solutions;
- the clearing process established by the FCC in the Report and Order, which exempts complex systems from mandatory retuning, may not allow us to retune or relocate some incumbents in a timely manner and on commercially reasonable terms, or at all;
- we may not be able to qualify for and utilize the mandatory retuning or relocation process established by the Report and Order to clear incumbents;
- we may not be successful in commercializing our spectrum assets to our targeted utility and critical infrastructure customers, on a timely basis, on favorable terms or in accordance with our business plans and expectations;
- we are subject to contingencies and obligations under our commercial agreements with Ameren Corporation (“Ameren”), San Diego Gas & Electric Company, a subsidiary of Sempra Energy (“SDG&E”), and Evergy Services, Inc. (“Evergy”), including the delivery of cleared spectrum and broadband licenses on a timely basis, and as a result, there is no assurance that we will receive payments from Ameren and/or SDG&E in the amounts and on the timeline we currently expect, or that any payments we have received to date will not be subject to repayment, or that we will not be subject to contract claims, including rights of termination;
- the COVID-19 pandemic has disrupted and could continue to adversely impact our business, including our broadband licensing and commercialization efforts and our financial condition, liquidity and results of operations;
- we have limited operating history with our current business plan, which makes it difficult to evaluate our prospects and future financial results and our business activities, strategic approaches and plans may not be successful.
- our initiatives with the federal and state agencies and commissions that regulate electric utilities may not be successful;
- we may not be able to maintain any broadband licenses that we own and/or obtain from the FCC;
- government regulations or actions taken by governmental bodies could adversely affect our business prospects, liquidity and results of operations, including any changes by the FCC to the Report and Order or to the FCC rules and regulations governing the 900 MHz band;
- the value of our spectrum assets may fluctuate significantly based on supply and demand, as well as technical and regulatory changes;
- we may not generate funds through our commercialization operations as planned or correctly estimate our operating expenses or future revenues, which could lead to cash shortfalls, and may prevent us from returning capital to our stockholders and require us to secure additional financing;
- many of the third parties who offer spectrum and communication technologies, products and solutions to our targeted customers have existing long-term relationships with these targeted customers and have

significantly more resources and greater political and regulatory influence than we do, and we may not be able to successfully compete with these third parties;

- if we are unable to attract new customers, our results of operations and our business will be adversely affected;
- we have had net losses each year since our inception and may not achieve or maintain profitability in the future;
- we will need to continue to expand our organization and we may experience difficulties in managing this growth, which could disrupt our operations and financial results;
- there is no assurance that a robust market in our common stock will develop or be sustained;
- our common stock prices may be volatile which could cause the value of our common stock to decline;
- the expected timing and amount of purchases and the related impact to our common stock relating to our share repurchase program;
- concentration of ownership may limit our stockholders' ability to influence corporate matters; and
- adverse market conditions, including as the result of wars and inflation, may adversely affect our business and our commercialization efforts.

The following information describes our common stock and preferred stock, as well as certain provisions of our amended and restated certificate of incorporation and amended and restated bylaws. This description is only a summary. You should also refer to our amended and restated certificate of incorporation, as amended, and our amended and restated bylaws, as amended, which have been filed with the SEC as exhibits to our registration statement, of which this prospectus forms a part.

### General

Our authorized capital stock consists of 100,000,000 shares of common stock, with a \$0.0001 par value per share, and 10,000,000 shares of preferred stock, with a \$0.0001 par value per share, all of which shares of preferred stock are undesignated. Our board of directors may establish the rights and preferences of the preferred stock from time to time. As of June 15, 2022, there were 18,945,840 shares of common stock issued and outstanding, held of record by approximately 113 stockholders, including shares of our common stock purchased by the Selling Stockholder in connection with the Private Placement, although we believe that there may be a significantly larger number of beneficial owners of our common stock. We derived the number of stockholders by reviewing the listing of outstanding common stock recorded by our transfer agent as of June 15, 2022.

### Common Stock

The holders of common stock are entitled to one vote per share on all matters to be voted upon by the stockholders. The holders of common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available, subject to preferences that may be applicable to preferred stock, if any, then outstanding. In the event of a liquidation, dissolution or winding up of our Company, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding. The common stock has no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are fully paid and non-assessable.

The rights, preferences and privileges of the holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock that we may designate and issue in the future.

Our common stock is listed on the Nasdaq Capital Market under the symbol "ATEX." The transfer agent and registrar for our common stock is Continental Stock Transfer & Trust Company. Its address is 1 State Street 30th Floor, New York, NY 10004-1561, and its telephone number is (212) 509-4000.

### Preferred Stock

Under the terms of our amended and restated certificate of incorporation, as amended, our board of directors is authorized to issue shares of preferred stock in one or more series without stockholder approval. Our board of directors has the discretion to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption privileges and liquidation preferences, of each series of preferred stock. There are no restrictions presently on the repurchase or redemption of any shares of our preferred stock.

The issuance of preferred stock will affect, and may adversely affect, the rights of holders of common stock. It is not possible to state the actual effect of the issuance of any shares of preferred stock on the rights of holders

## Table of Contents

of common stock until our board of directors determines the specific rights attached to that preferred stock. The effects of issuing preferred stock could include one or more of the following:

- restricting dividends on the common stock;
- diluting the voting power of the common stock;
- impairing the liquidation rights of the common stock; or
- delaying or preventing changes in control or management of our company.

We have no present plans to issue any shares of preferred stock nor are any shares of our preferred stock presently outstanding. Preferred stock will be fully paid and nonassessable upon issuance.

### **Possible Anti-Takeover Effects of Delaware Law and our Amended and Restated Certificate of Incorporation, as Amended, and Amended and Restated Bylaws, as Amended**

Provisions of the Delaware General Corporation Law (the “DGCL”) and our amended and restated certificate of incorporation and amended and restated bylaws could make it more difficult to acquire the Company by means of a tender offer, a proxy contest or otherwise, or to remove incumbent officers and directors. These provisions, summarized below, are expected to discourage certain types of coercive takeover practices and takeover bids that our board of directors may consider inadequate and to encourage persons seeking to acquire control of the company to first negotiate with our board of directors. We believe that the benefits of increased protection of our ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure the company outweigh the disadvantages of discouraging takeover or acquisition proposals because, among other things, negotiation of these proposals could result in an improvement of their terms.

#### *Amendment*

Our amended and restated certificate of incorporation and our amended and restated bylaws provide that the affirmative vote of the holders of at least 66 2/3% of our voting stock then outstanding is required to amend certain provisions relating to the required vote at stockholder meetings, action by written consent of stockholders, stockholder notice procedures, required vote for directors, qualification, number, term, election, removal and remuneration of our directors, the calling of special meetings of stockholders and the indemnification of directors.

#### *Size of Board and Vacancies*

Our amended and restated bylaws provide that the number of directors on our board of directors is fixed exclusively by our board of directors. Newly created directorships resulting from any increase in our authorized number of directors and any vacancies in our board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause will be filled generally by either (i) the majority vote of our remaining directors in office, even if less than a quorum is present, or (ii) the stockholders holding a majority of the voting power of all of the then outstanding shares of capital stock of the Company authorized to vote on such action at a duly called annual meeting or special meeting of stockholders.

#### *Special Stockholder Meetings*

Our amended and restated certificate of incorporation provides that only the Chairman of our board of directors, a presiding director, our Chief Executive Officer or by a majority of our board of directors then in office may call special meetings of our stockholders.

#### *Stockholder Action by Unanimous Written Consent*

Our amended and restated certificate of incorporation expressly eliminates the right of our stockholders to act by written consent other than by unanimous written consent.

## Table of Contents

### *Requirements for Advance Notification of Stockholder Nominations and Proposals*

Our amended and restated bylaws provide advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors other than nominations made by or at the direction of our board of directors or a committee of our board of directors.

### *No Cumulative Voting*

The DGCL provides that stockholders are denied the right to cumulate votes in the election of directors unless our amended and restated certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation does not provide for cumulative voting.

### *Undesignated Preferred Stock*

The authority that is possessed by our board of directors to issue preferred stock could potentially be used to discourage attempts by third parties to obtain control of the company through a merger, tender offer, proxy contest, or otherwise by making it more difficult or more costly to obtain control of the company. Our board of directors may issue preferred stock with voting rights or conversion rights that, if exercised, could adversely affect the voting power of the holders of common stock.

### *Authorized but Unissued Shares*

Our authorized but unissued shares of common stock and preferred stock will be available for future issuance without stockholder approval. We may use additional shares for a variety of purposes, including future public offerings to raise additional capital, to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of the Company by means of a proxy contest, tender offer, merger or otherwise.

The above provisions may deter a hostile takeover or delay a change in control or management of the Company.

### *Indemnification.*

Our amended and restated certificate of incorporation and our amended and restated bylaws provide that we will indemnify our officers and directors against losses as they incur in investigations and legal proceedings resulting from their services to us, which may include service in connection with takeover defense measures.

### *Delaware Anti-Takeover Statute*

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. In general, Section 203 generally prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date on which the person became an interested stockholder unless:

- prior to the date of the transaction, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, but not the outstanding voting stock owned by the interested stockholder, (1) shares owned by persons who are directors and also officers and (2) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

## Table of Contents

- at or subsequent to the date of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

In general, Section 203 defines business combination to include the following:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, lease, exchange, mortgage, transfer, pledge or other disposition of 10% or more of either the assets or outstanding stock of the corporation involving the interested stockholder;
- subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits by or through the corporation.

In general, Section 203 defines interested stockholder as an entity or person who, together with affiliates and associates, beneficially owns, or within three years prior to the determination of interested stockholder status did own, 15% or more of the outstanding voting stock of the corporation.

Insofar as the above described indemnification provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we understand that in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

## PLAN OF DISTRIBUTION

The Selling Stockholder, or its pledgees, distributees, transferees, or any of its successors in interest selling the securities received from the Selling Stockholder as a partnership distribution, or other non-sale-related transfer (and any successive pledgees, distributees or non-sale related transferees) after the date of this prospectus (all of whom may be a selling stockholder), may sell the securities, at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices, or at prices otherwise negotiated, by one or more of the following methods, without limitation:

- on any stock exchange or automated interdealer quotation system on which the securities are traded, in the over-the-counter market, or otherwise;
- block trades in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction, or in crosses in which the same broker acts as agent on both sides;
- purchases by a broker or dealer as principal and resale by the broker or dealer for its own account pursuant to this prospectus;
- an exchange distribution in accordance with the rules of any stock exchange on which the securities are listed or any automated inter-dealer quotation system on which the securities are traded;
- ordinary brokerage transactions and transactions in which the broker solicits purchases;
- privately negotiated transactions;
- short sales;
- through the writing of options on the securities, swaps or other derivatives, whether or not the options or other such instruments are listed on an exchange or inter-dealer quotation system;
- through the distribution of the securities by the Selling Stockholder to its partners, members, equityholders, or creditors who may from time to time effect sales or other distributions of the securities;
- one or more underwritten offerings on a firm commitment or best efforts basis or other purchases by underwriters, brokers, dealers, and agents who may receive compensation in the form of underwriting discounts, concessions, or commissions from the Selling Stockholder and/or the purchasers of the securities for whom it may act as agent;
- pledges of the securities as security for any loan or obligation, including pledges to brokers or dealers who may from time to time effect sales or other distributions of the securities (and such transactions may or may not involve brokers or dealers);
- sales in other ways not involving market makers or established trading markets, including direct sales to institutions or individual purchasers; and
- any combination of the foregoing methods or by any other method permitted pursuant to applicable law.

We do not know of any current arrangements by the Selling Stockholder for the sale or transfer of any of the securities.

The Selling Stockholder may engage underwriters, brokers or dealers, and any underwriters, brokers or dealers may arrange for other underwriters, brokers or dealers to participate in effecting sales of the securities. These brokers, dealers or underwriters may act as principals, or as an agent of the Selling Stockholder. If the Selling Stockholder uses any underwriter, we will provide a prospectus supplement that will name any underwriter involved in the offer and sale of the securities and the terms of the offering.

## Table of Contents

Broker-dealers may agree with the Selling Stockholder to sell a specified number of the securities at a stipulated price per security. If the broker-dealer is unable to sell securities acting as agent for the Selling Stockholder, it may purchase as principal any unsold securities at the stipulated price. Broker-dealers who acquire securities as principals may thereafter resell the securities from time to time in transactions in any stock exchange or automated interdealer quotation system on which the securities are then listed or in the over-the-counter market, at prices and on terms then prevailing at the time of sale, at prices related to the then-current market price, or in negotiated transactions. Broker-dealers may use block transactions and sales to and through broker-dealers, including transactions of the nature described above.

From time to time, the Selling Stockholder may pledge, hypothecate or grant a security interest in some or all of the securities owned by it. The pledgees, secured parties, or persons to whom the securities have been so pledged or hypothecated (or otherwise subject to a security interest) will, upon foreclosure in the event of default, be deemed to be a selling stockholder for purposes of this prospectus. The plan of distribution for that selling stockholder's securities will otherwise remain unchanged. The Selling Stockholder (or its pledgees, distributees or other non-sale related transferees, or other successors in interest) also may transfer and donate the securities in other circumstances in which case the successive pledgees, distributees or other non-sale related transferees or other successors in interest thereof will be the Selling Stockholder for purposes of this prospectus and, if required under the Securities Act, will be identified in a prospectus supplement.

In addition, the Selling Stockholder may, from time to time, sell the securities short, and, in those instances, this prospectus may be delivered in connection with the short sales and the securities offered under this prospectus may be used to cover short sales.

To the extent required under the Securities Act, the aggregate amount of Selling Stockholder's securities being offered and the terms of the offering, the names of any agents, brokers, dealers or underwriters and any applicable commission with respect to a particular offer will be set forth in an accompanying prospectus supplement. Any underwriters, dealers, brokers or agents participating in the distribution of the securities may receive compensation in the form of underwriting discounts, concessions, commissions or fees from the Selling Stockholder and/or purchasers of Selling Stockholder's securities, for whom they may act (which compensation as to a particular broker-dealer might be in excess of customary commissions).

The Selling Stockholder and any underwriters, brokers, dealers or agents that participate in the distribution of the securities may be deemed to be "underwriters" within the meaning of the Securities Act, and any discounts, concessions, commissions or fees received by them and any profit on the resale of the securities sold by them may be deemed to be underwriting discounts and commissions.

The Selling Stockholder may enter into hedging transactions with broker-dealers and the broker-dealers may engage in short sales of the securities in the course of hedging the positions they assume with that Selling Stockholder, including, without limitation, in connection with distributions of the securities by those broker-dealers. The Selling Stockholder may enter into options or other transactions with broker-dealers that involve the delivery of the securities offered hereby to the broker-dealers, who may then resell or otherwise transfer those securities. The Selling Stockholder may also loan or pledge the securities offered hereby to a broker-dealer and the broker-dealer may sell the securities offered hereby so loaned or upon a default may sell or otherwise transfer the pledged securities offered hereby.

The Selling Stockholder may also sell the securities in accordance with Rule 144 under the Securities Act, or in accordance with Section 4(a)(1) of the Securities Act, rather than pursuant to this prospectus, regardless of whether the securities are covered by this prospectus.

To comply with the securities laws of some states, if applicable, the securities may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

## [Table of Contents](#)

The Selling Stockholder and other persons participating in the sale or distribution of the securities will be subject to applicable provisions of the Exchange Act, and the rules and regulations thereunder, including Regulation M. This regulation may limit the timing of purchases and sales of any of the securities by the Selling Stockholder and any other person. The anti-manipulation rules under the Exchange Act may apply to sales of securities in the market and to the activities of the Selling Stockholder and its affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the securities to engage in market-making activities with respect to the particular securities being distributed for a period of up to five business days before the distribution. These restrictions may affect the marketability of the securities and the ability of any person or entity to engage in market-making activities with respect to the securities.

We have agreed to indemnify the Selling Stockholder against certain liabilities that it may incur in connection with the sale of the securities registered hereunder, including liabilities under the Securities Act, and to contribute to payments that the Selling Stockholder may be required to make with respect thereto.

The Selling Stockholder will act independently of us in making decisions with respect to the timing, manner and size of each sale of shares of common stock covered by this prospectus. We will not receive any proceeds from sales of any securities by the Selling Stockholder. We cannot assure you that the Selling Stockholder will sell all or any portion of the securities offered hereby.

To the extent permitted by applicable law, this plan of distribution may be modified in a prospectus supplement.

#### Item 15. Indemnification of Directors and Officers

Section 102(b)(7) of the Delaware General Corporation Law allows a corporation to provide in its certificate of incorporation that a director of the corporation will not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except where the director breached the duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit.

Section 145(a) of the Delaware General Corporation Law provides that a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation or enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no cause to believe his or her conduct was unlawful.

Section 145(b) of the Delaware General Corporation Law provides that a Delaware corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person acted in any of the capacities set forth above, against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if he or she acted under similar standards, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the court in which such action or suit was brought shall determine that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to be indemnified for such expenses which the court shall deem proper.

Section 145 of the Delaware General Corporation Law further provides that: (i) to the extent that a former or present director or officer of a corporation has been successful in the defense of any action, suit or proceeding referred to in subsections (a) and (b) or in the defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in

## Table of Contents

connection therewith; (ii) indemnification provided for by Section 145 shall not be deemed exclusive of any other rights to which the indemnified party may be entitled; and (iii) the corporation may purchase and maintain insurance on behalf of any present or former director, officer, employee or agent of the corporation or any person who at the request of the corporation was serving in such capacity for another entity against any liability asserted against such person and incurred by him or her in any such capacity or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liabilities under Section 145.

Article XI of the Company's amended and restated certificate of incorporation specifies that a director of the Company shall not be personally liable to the Company or to any of its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL.

Article XII of the Company's amended and restated certificate of incorporation and Article XIII of the Company's amended and restated bylaws state that the Company shall indemnify, to the fullest extent permitted by applicable law, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that such person is or was a director or officer of the Company or is or was serving at the request of the Company.

Article XIII of the Company's amended and restated certificate of incorporation permits the Company to purchase and maintain director or officer liability insurance.

The Company has entered into indemnification agreements with its directors and officers. Subject to certain limited exceptions, under these agreements, the Company will be obligated, to the fullest extent not prohibited by the DGCL, to indemnify such directors and officers against all expenses, judgments, fines and penalties incurred in connection with the defense or settlement of any actions brought against them by reason of the fact that they were directors or officers of the Company. The registrant also maintains liability insurance for its directors and officers in order to limit its exposure to liability for indemnification of such persons.

### **Item 17. Undertakings**

- (a) The undersigned registrant hereby undertakes:
- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- provided, however,* that paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

## Table of Contents

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
  - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
  - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to the effective date; or
- (5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding), is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement on Form S-3 to be signed on its behalf by the undersigned, thereunto duly authorized, in Woodland Park, State of New Jersey, on June 30, 2022.
